About International Credit Mobility (ICM)

International Credit Mobility is an activity under Erasmus+ Key Action 1 that offers opportunities for students to study and staff to teach and / or train at higher education institutions (HEIs) in Europe. These opportunities are available for staff and students from countries beyond Europe to come to participating HEIs in Europe.

How to cooperate with the University of Zagreb (UNIZG)

In order for a mobility activity to take place, an inter-institutional agreement must be signed between the UNIZG and the HEI from a partner country. This agreement regulates the subject areas (academic disciplines) in which student / staff mobility will take place. It also ensures that the sending institution will recognise the credits gained by its students, for activities successfully completed abroad, as a part of their degree upon return.

Activities supported by ICM

Student Mobility for Studies: open to first cycle (BA/BSc), second cycle (MA/MSc) students as well as third cycle (doctoral/PhD) candidates. The mobility period supported: 5 months (one semester) up to 10 months (academic year)

Student Mobility for Traineeships: activity supported as of 2018; open to first cycle (BA/BSc), second cycle (MA/MSc) students as well as third cycle (doctoral/PhD) candidates only at UNIZG constituent units that have the possibility to support this activity. The mobility period supported: 2 to 12 months.

Staff Mobility for Teaching: for academic staff and (from call 2018) for invited staff from non-academic organisations to teach at UNIZG. The mobility period can last from 5 days to 2 months.

Staff Mobility for Training: aimed at teaching and non-teaching (administrative) staff in the form of training events such as International Staff Week at UNIZG (excluding conferences), job shadowing, observation periods and/or training at UNIZG. The mobility period can last from 5 days to 2 months.
